

New Mexico State University
 University Registrar's Office
Solomon Act Request

Per the Solomon Act amendment, I am requesting a list of currently enrolled students at New Mexico State University. In accordance with the Solomon Amendment law institutions must give the military access to their campuses and provide, upon request, a list containing "student recruiting information" which is considered directory information. To see what NMSU classifies as directory information go to <https://registrar.nmsu.edu/ferpa/#6>.

I acknowledge that the information received will be used only for military recruiting purposes and per FERPA Policy is to be destroyed once the data is no longer of use. I am aware that this is confidential information which cannot be shared with a third party or anyone outside of my organization.
